Steps to Success

NSA Feeder System

Weekly training will take place at Hong Kong Park Centre.

- The NSA feeder system is the first step for potentially gifted and talented athletes of the Karate Federation of Hong Kong China.
- The Feeder system provides a more sport specific training environment geared towards competition for those athletes wishing achieve sporting success. Review the NSA policy for qualification.

HKSI TiD Programme

Venue: Hong Kong Sports Institute

- The HKSI TiD programme provides further training and development for those athletes who have not gained the necessary qualification EV points to gain a HKSI scholarship but **have** demonstrated further potential. Through the NSA talent identification programme athletes will be selected to progress onto the HKSI TiD programme.
- The programme offers continual monitoring of both skills and physical fitness nad will comprise of twice monthly sessions throughout the year.

HKSI Scholarship

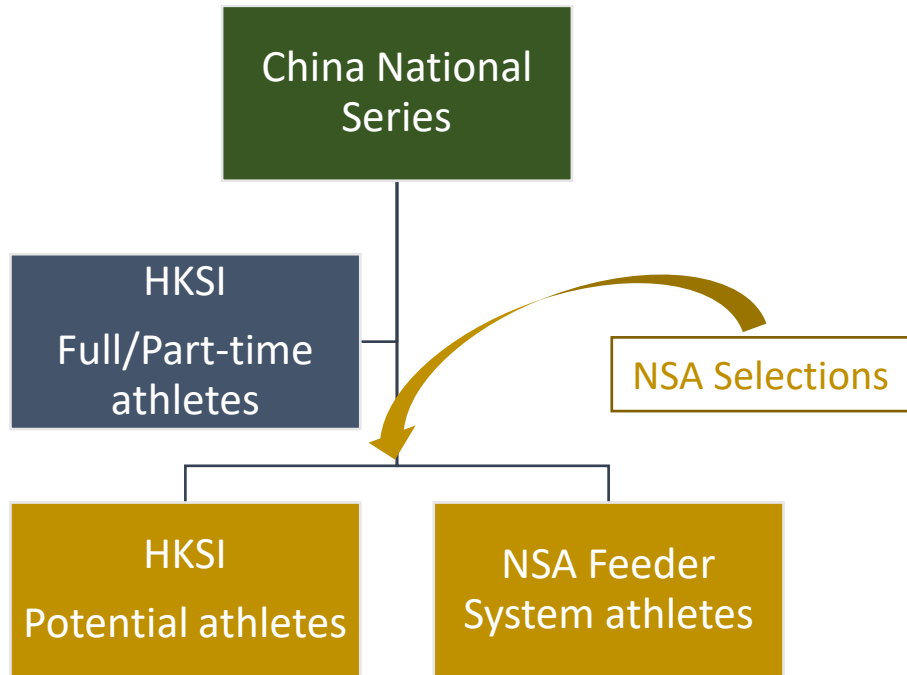

Venue: Hong Kong Sports Institute

- Athletes gaining the qualification EV will now undertake an elite triaining programme ranging from the 'potential' to Fulltime EA+ athletes. The training programme and competition schedule will reflect the level of the athlete and prior results.
- In brief, HKSI scholarship athletes who **consistently** demonstrate good performance levels/results at China Series events will be considered for WKF K1 events. Selection for Championships will be through the NSA.

Selection policy update:

China National Series

HKSI scholarship athletes will be selected to participate by HKSI Coaching staff and therefore will not take part in NSA selections for these events.
