

**Changes to the AOA**

The changes are as below: -

1. **Article 2:** Clarifying the definition of “Chairperson” and “Vice-Chairperson” so as to be consistent with the definition of “General Secretary” and “Treasurer”.
2. **Article 21:** Adopting the wording in the existing AOA in respect of expulsion of members who have failed to pay annual subscription on time. Such approval would now also require approval of the general meeting.

(For completeness, under Article 9(b) of the existing AOA, the General Committee may expel members who have failed to pay annual subscription within the period stipulated by the General Committee without the need to obtain the approval of the General Meeting (as opposed to expulsion under the existing Article 9(c) which requires endorsement of the General Meeting).)

3. **Article 30:** Listing out the matters which require the approval by way of special resolutions, as requested by the members of the Federation.
